16. Steve Perry has done a great job in establishing the State website. Last fraternal year we made a donation to Scouts on his behalf in the amount of 500.00. This year we are recommending a budget item of 500.00 be paid to him directly, to maintain the site. After the upcoming fraternal year, Steve has indicated that the amount of work is beyond a voluntary and/or subsidized effort and payment to reflect a market rate of 10.00 to 20.00per hour, with one or two hours a week being required to maintain the site, appears to be the norm. The following questions arise:

**Should the person maintaining the website be paid?**

District:	One	Two	Three	Four	Five
agree	X		X	X	
disagree					4
no answer		X*			

\*District 2 ran out of time and did not complete the rest of the questionnaire but did reiterate that there should be a parallel system if State does use the Internet to a greater extent then present.

**Should State pay all costs?**

District:	One	Two	Three	Four	Five
agree				X	X
disagree	X		X		
no answer		X			

**Should all Councils contribute?**

District:	One	Two	Three	Four	Five
agree	X		X	X	2
disagree					2
no answer		X			

**Should State and only the Council that make postings pay?**

District:	One	Two	Three	Four	Five
agree					X
disagree	X		X	X	
no answer		X			

**17. If a person should be paid how should the person be picked and how should the rate of pay be determined?**

District1: State Council make the decisions.

District 2: No response

District 3: Give it to Steve Perry \$1000 a year

District 4: Reflect the marketplace e.g. \$20/hr

District 5: Should not be paid, give the money to charity.

**18. Other comments:** No responses.
